

# Vacuum Pumps

For GreenVac containers and vac bags

Product specification

Our range of extremely practical and versatile vacuum pumps are ideal for preparing and preserving fresh food on-board. Fresh salads, soft fruit and chopped vegetables, for example, can be stored in top condition for up to five times longer than they would normally keep.

The vacuum pump attachment makes them the perfect partner to our re-useable GreenVac vacuum storage containers allowing you easily store large volumes of produce without necessarily needing to refrigerate.

Equally practical is the vacuum bagging function which seals and vacuum packs anything from fresh and pre-prepared food right through objects that you want to protect from the sea air, such important documents or money, or even corrosion susceptible electronic items. A wide choice of individual bags or a continuous rolls allow you to quickly and cost effectively provision for meals in advance of an extended passage. And at the end of the season the vacuum pumps compact size and light weight allows you to use them on-board or at home with equal ease.

## Automatic version

The V300 has both manual and automatic functions and makes light work of vacuum packing large quantities of produce. It also has a pressure gauge and a variable pressure control,

which makes it possible to pack softer food items quickly and efficiently.

- Suction power: 20 litre/min
- Max Vacuum Pressure: -0.90 bar
- Pressure Gauge: Dial Gauge
- Vacuum pump attachment : Yes
- Sealing Band Width: 350mm
- Sealing Strip: Single Wide
- Manual Sealing Facility: Yes
- Automatic Sealing: Yes
- Fluid Extraction Facility: Yes
- Voltage: 230v
- Power: 400w
- Overall Dimensions: 410 x 210 x 98mm
- Weight: 3.95kg

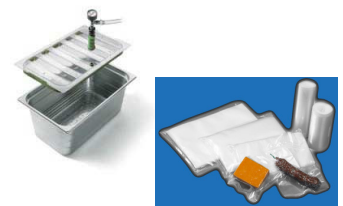

## Standard version

The V100 is the simplest model in our range and has manual sealing only. It is ideal for those who do not need to vacuum pack large quantities of produce day after day.

- Suction power: 20 litre/min
- Max Vacuum Pressure: -0.80 bar
- Pressure Gauge: Bar
- Vacuum pump attachment : Yes
- Sealing Band Width: 350mm
- Sealing Strip: Single Wide
- Manual Sealing Facility: Yes
- Automatic Sealing: No
- Fluid Extraction Facility: Yes
- Voltage: 230v
- Power: 400w
- Overall Dimensions: 410 x 210 x 98mm
- Weight: 3.95kg

## Optional accessories :

- GreenVac containers—robust and re-usable the stainless steel container bases can even be used directly in the oven for cooking
